

BUDGET PROGRAM

Do you find it difficult to come up with the money to fill your propane tank every time? We would like to introduce you to a program that will help with that problem. Our Secure Comfort Budget Program offers you an alternative method to pay for your heating needs.

Here is how it works:

We estimate the amount of propane that you will use based on past history. Then we have a fixed price per gallon just like contracting. We take the total cost of your heating needs and divide that by 11 months. The first payment is due by July 20th. The same amount is paid every month. In the twelfth month, we do a true-up which means you could have a credit or owe more based on your usage.

Example:

Calculated usage:

1000 gallons @ \$1.65 per gallon + 6% tax = \$1749 /11 months = \$160 monthly payment

Actual usage:

- 950 gallons @ 1.65 per gallon + 6% tax=\$1661.55 = \$87.45 credit to you

or

- 1050 gallons @ 1.65 per gallon + 6% tax=\$1836.45 = \$87.45 you owe us

Benefits of our Budget Program:

- No more checking your propane tank(you can be a keep-full customer)
- Peace of mind-no more worrying about running out of propane
- You pay the same amount every month
